

TECHNICAL CARD

| | |
|---|--|
| Identity | : WHITE SOAP STICK |
| Manufacturer's Name | : IDROSMACK S.R.L. - ITALY |
| Components | : SODIUM SALTS OF CARBOXYLIC ALIPHATIC LINEAR C12, C18 (saturated and unsaturated) PERCENTAGE OF FATTY ACIDS 70-74% APPROX. TITANIUM DIOXIDE AND OPTICAL WHITENER ADDED |
| Colour | : WHITE |
| Appearance and Odour | : Typical solid opaque white - Typical |
| Solubility in water | : 100% |
| Stability | : Stable under normal conditions |
| Incompatibility (Materials to avoid) | : Strong oxidizing agents |
| Oral Toxicity (DL 50) | : > 10000 mg/kg. |
| Waste Disposal Method | : Recycle were possible. Incinerate or dispose according to local regulations. |
| Biodegradability | : 100% |
| Respiratory Protection | : No particular precautions needed |
